BRC GLOBAL STANDARD FOR STORAGE AND DISTRIBUTION	QUALITY POLICY STATEMENT	Doc No. SST.2	IDS.2
		Date: 1 <sup>st</sup> July 2021	
		BRC Ref: 1.1.1	
		Page 1 of 1	

Stephen Sanderson Transport Limited recognises that concern for product safety and quality is an integral and fundamental part of our business.

We are aware that some of our operations have an impact on product safety, quality and are fully committed at every level of the organisation in achieving continuous improvement in our performance and wherever possible improving product quality and safety. It is essential that the customers stock we hold is accurate.

The company undertakes to implement, manage and maintain a management system that is compliant with the **BRC Global Standard for Storage and Distribution**

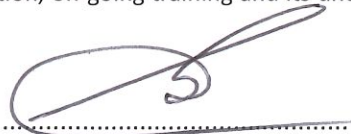

**"The scope of our operations is the Handling, cross-docking, storage and distribution of ambient food and packaging products."**

Our practices and procedures as part of this management system include:

- *Adherence to the British Retail Consortium standard for storage and distribution.*
- *We are committed to ensuring that our organisation provides safe and legal products and are compliant to applicable regulations, legislation and other requirements, including customers.*

To ensure that our management system remains effective and our objectives achieved, we set and measure ourselves against quality objectives, and audit our management system at regular internal audits and review both of which are formally discussed at management level.

As Managing Director, I take full responsibility to ensure that this policy is communicated and implemented throughout the organisation. This will be achieved during induction, on-going training and its understanding verified during internal audits of our management system.

Approved By  
**Stephen Sanderson**  
(Managing Director)
